

NOTICE OF A RATE HEARING

Newmarket-Tay Power Distribution Ltd. has applied to change its electricity distribution rates effective January 1, 2026

Newmarket-Tay Power Distribution Ltd. (NT Power) has applied to the Ontario Energy Board (OEB) to change its electricity distribution rates effective January 1, 2026.

The requested rate adjustment is determined using an OEB-approved formula, which is tied to inflation and other factors intended to promote efficiency. If the application is approved as filed, a typical residential customer and a typical general service customer of NT Power would see the following changes:

Customer Class	Newmarket-Tay Rate Zone	Midland Rate Zone
Residential (750 kWh)	(\$.29) per month	\$1.48 per month
General Service less than 50kW (2000 kWh)	(\$.16) per month	\$1.12 per month

Other customers, including businesses, will also be affected. It's important to review the application carefully to determine whether you may be affected by the proposed changes.

NT Power has also requested:

- Approval for Z-factor fixed rate riders affecting both rate zones, related to a severe ice storm that occurred on March 29, 2025

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic, and written. The OEB plans to proceed with a written hearing. If you think a different hearing type is needed, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as Intervenor. After the hearing, we will decide whether to approve the application.

HAVE YOUR SAY

You have the right to information about this application and to participate in the process.

Visit www.oeb.ca/participate and use file number **EB-2025-0021** to:
